> Hosting a grand opening VIP celebration at its new location, 6400 Carrier Drive, Orlando's finest dining attractions have just gotten better than ever. Treasure Tavern is located conveniently near Orlando's fun spot, International Drive, and is a dining experience like no other. Owned and operated by Odien, Inc. the parent company of Pirate's Dinner Adventure, Treasure Tavern offers an energetic evening of non-stop comedy, acrobats, live musical acts and a world class dining experience from appetizer to dessert.

Unlike the 'family' friendly Pirate's Dinner Adventure, Treasure Tavern is a dining experience with a twist of creative and outrageous 'adult' humor that will keep you laughing and engaged all night long.

The adult-only entry is presented for a crowd 18 years old and up for its mature comedy—and its assembled cast of characters, singers, dancers, and entertainers offers a memorable dining experience. As you wait for the show to begin, a famous Rum Girl will serve you a fruity and refreshing rum punch concoction.

The Treasure Tavern appears like just that, a "Tavern of Treasure." You will notice how the room resembles a bawdy cabaret experience with an interior décor of chandeliers, rum barrels, statues, paintings, and captain's wheels. There is no doubt that the setting looks like a brothel in a showroom featuring tiered tables with leather seats accommodating about 240 guests. This unique experience is without a doubt a destination Orlando has never seen before. A jovial widowed Tavern owner, Gretta von Keagel, who leads us through the evening of food and fun, hosts the show. Made up of improv acts, a silent magician/comic, an acrobatic couple, a contortionist, and several more, the Treasure Tavern is a perfect place for a fun-filled evening without the "tourist" feel.

The show is integrated with a delicious

three-course meal served on select china with gold-plated cutlery. The menu includes mixed greens, prime rib, mashed potatoes, asparagus topped with a delicious dessert of opera cake (a chocolate and coffee butter cream concoction). Vegetarian and fish entrees are also offered as an alternative choice. Being an Orlando native, I must confess that the cuisine at the Treasure Tavern was by far the best I have ever had in any of my previous dinner show experiences, kudos to the world-class chef from Brazil, Wania de Mattos. The show is best described as intimate, as the cast randomly selects guests from the crowd to participate in on and off-stage skits. The entire crowd involvement takes place throughout the evening as the cast engages them in clapping, singing, dancing and shouting.

Shows will run five nights a week, with two shows on Friday and Saturday. "The reaction of the audience has been outstanding," says Imre Baross, vice president & executive director of entertainment, for Treasure Tavern. "They are engaged and entertained and the reviews we have received have given us encouragement that Treasure Tavern will be a success." <
